Godrej Defender
NEUTRONICS
The Intelligent Safe

The Intelligent Defender

The House of Godrej presents to you the next big thing in the physical security space – the Godrej Defender Neutronics. Taking a giant leap from the safes of the past, the Defender Neutronics is a next gen 'intelligent' safe that combines advanced technological offerings with time-tested physical security. Built to Deter, Detect, Delay, Defend and Deny, the Defender Neutronics safe uses advanced technology to secure and defend itself against the most intense forms of modern day attacks. This intelligent safe can easily sense a threat and alert you, while defending itself with in-built defences.

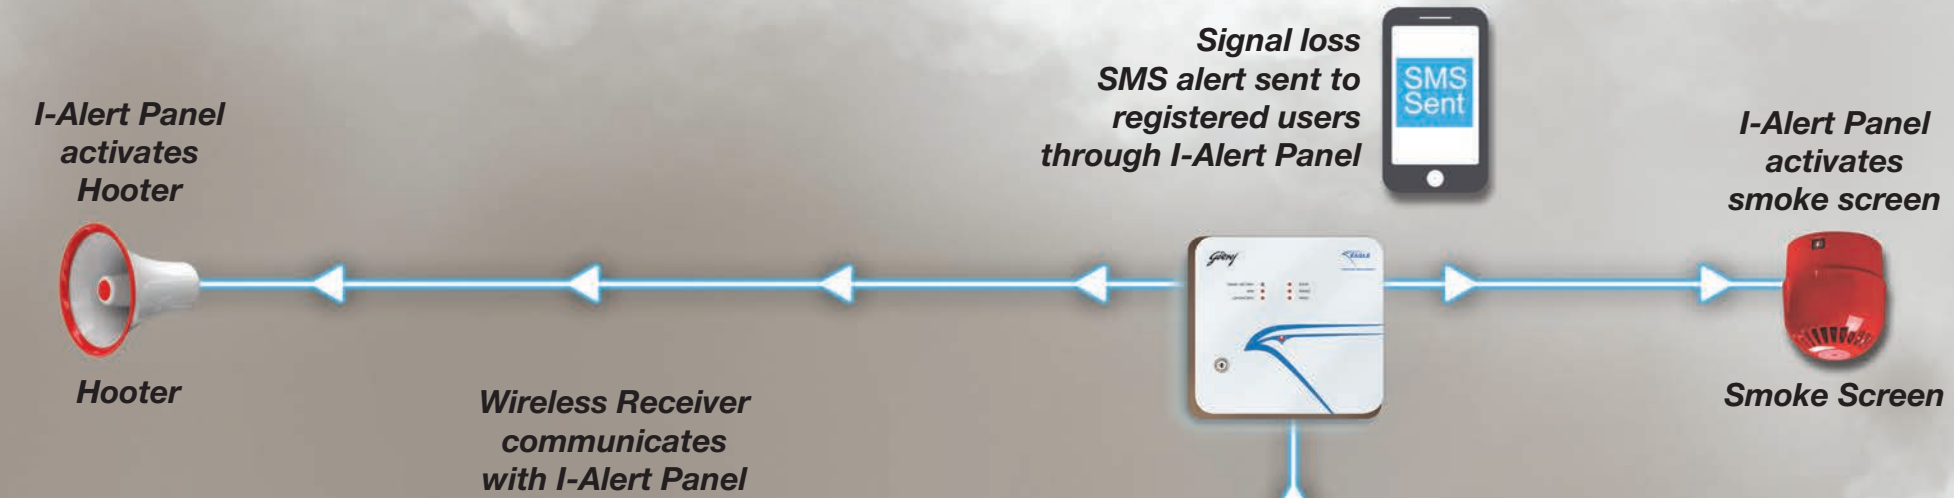

As market leaders in security solutions, our constant endeavour at Godrej is to bring you solutions that are not only ground breaking but ahead of time. It helps you safeguard your reputation and your customers' valuables from the most advanced of threats. Times have changed and so have the tools used by burglars. Burglars today have access to the latest technology and a host of sophisticated tools. Our innovation cell, with rigorous R&D has developed the Defender Neutronics to help you remain ahead of those with malicious intentions and give you a safe that defends not only itself, but most importantly, your peace of mind.

Godrej - India's Oldest Security Partners

With a legacy of over 115 years, we are the oldest and largest safe manufacturer in India. We are the most trusted brand with years of patronage for our state-of-the-art offerings. Known for our innovations in the security solutions space, we have designed offerings that are capable of withstanding ever-evolving modern day security threats. With a single point agenda to ensure peace of mind for individuals, corporates and governments alike, we have a wide network of dealers and service centres across India.

Duress alert sent to registered users through I-Alert Panel

Attack SMS alert sent to registered users through I-Alert Panel

I-Alert
In the event of a burglary attempt, the safe is equipped to trigger a local alarm via a hooter and sends an alert to up to 8 registered phone numbers

Electronic Lock Integration

- Dual mode authorisation
- Time and date stamped audit trail
- Grants access up to 30 authorised users
- Time delay feature (1-99 minutes) to deter unauthorised access
- 5000+ openings on a 9-volt battery

Duress*
Sends a discreet alarm to registered users in the event of a distress situation

Automatic Relocking Device
Sets the safe into a deadlock in the event of an attack on the lock. This ensures the safe is unaffected

X Shield
Advanced form of security against burglar attacks on locks, in addition to automatic relocking

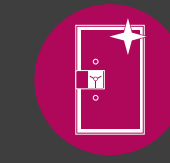

TDR Matrix**
Provides resistance to combat modern-day torch and tool attacks

Double Duty Barrier
Provides resistance against burglary attacks and renders the safe fire-resistant

High Precision Locks
8-lever dual-control brass locks offer high number of combinations. These locks offer massive resistance against pilferage

Attractive Fascia
Enhances visual appeal of the safe and also increases the aesthetic appeal

Motion Sensor IntelliLight
Enables clear visibility of contents, interiors of safe and access to valuables even in dimly lit locations

**Only for Class BB Safe and above
*Available with Neutronics EL Model
