Pune has grown rapidly over the past few years and is considered safe for senior citizens, women and children. Such is the confidence of locals that 25 per cent forgot to lock their doors while stepping-out.

**Pune:** The city has grown rapidly over the last few years and holds the image of being safe for senior citizens, women and children. Such is the confidence of locals despite a reduction in security forces that 25 per cent of Pune-kars forget to lock their homes.

This data was revealed in a survey which concluded that locals often forget to lock their house when venturing out. Godrej Security Solutions surveyed various parts of the city during the last three months. The observations recorded that in the safety awareness criteria, Pune is at the bottom of the list compared to other cities in the country.

During the survey conducted in Pune, about 250 people were given direct interaction. Photo Credit: Instagram
